Center for Community Alternatives (CCA) supports and builds power with people across New York State who have been affected by mass incarceration, criminalization and community disinvestment.

Through a statewide network of direct services, advocacy and organizing, and by supporting the leadership of directly-impacted people, we advance civil and human rights for all New Yorkers.

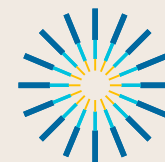

CCA works to build a world where everyone has what they need to thrive.

Methadone Saves Lives.

The Center for Community Alternatives provides onsite methadone maintenance, comprehensive treatment and recovery services

Methadone helps individuals achieve and sustain recovery, and reclaim active and meaningful lives.

What We Offer

At CCA, individuals who receive methadone can add and receive additional services as part of a comprehensive treatment plan. This includes counseling and other therapies to provide patients with a whole-person approach.

For those who choose to receive methadone only, the option of receiving additional services will always remain open.

“Being here at CCA showed me a lot. Take time to get to know the team and your counselors. Everyone is accepted here, no matter who you are. You have what it takes to succeed in life”.
- Jeremy, a CCA participant

CCA is supported by:
